

PERFECT STYLE “TO A T”

Remington unveils latest range of premium grooming products

Personal care expert Remington has launched a new range of grooming products designed for professional cutting and precision styling in the comfort of your own home.

The Remington T-Series is comprised of the T-Series Ultimate Precision Trimmer and T-Series Hair & Beard Kit. The T-Blade which features on both products has been engineered to give you a barbershop finish, whilst the premium matte and gloss colourway with gold accents means both products will look exquisite on your bathroom shelf.

Whether you're looking to neaten up your tresses, maintain your beard or get that precise finish, the T-Series is the go-to for all your grooming needs. Both the T-Series Ultimate Precision Trimmer and T-Series Hair & Beard Kit come with a three-year guarantee which can be extended by another year if you register your product online, so you can purchase with full confidence.

T-SERIES ULTIMATE PRECISION TRIMMER

Want to get that precise edging and sharp detail when it comes to perfecting your look? The T-Series Ultimate Precision Trimmer boasts a reversible T-Blade for skin-close results and tight fades, whilst the modified cut-away neck provides maximum visibility for improved precision and control whilst you style.

The Self-Sharpening Blades mean you can be confident the Ultimate Precision Trimmer is always as sharp as your look. With eight additional precision cutting attachments, you'll have everything you need to sculpt and maintain your beard, neck and hairline with professional results.

The Precision Dial Comb can be set to specific lengths from 1-5mm, in 0.5mm increments and the reversible 7mm Micro Detail Blade is engineered for those fine details, so you can ensure the angle is exactly what you're after. Finally, six fixed length combs are also included, marked in millimetres as well as barber grading so you can choose the exact length you'd ask for in the barber's chair!

The T-Series Ultimate Precision Trimmer features a powerful, cordless motor which operates for up to an hour, with a recharge time of just four hours. Thanks to the LED Fuel Gauge, you'll know exactly when to charge up.

The T-Series Ultimate Precision Trimmer is available from Amazon, Argos and Very for £74.99 RRP.

T-SERIES HAIR AND BEARD KIT

For the gent who takes great pride in his personal style, the T-Series Hair & Beard Kit helps you get that 'fresh from the barbers' look from the comfort of your own home. It delivers professional results thanks to the premium T-Blade, which means it will cleanly cut through any hair type, and it's also perfect for short or long beards.

Featuring a range of attachments for versatile styling, the T-Series Hair & Beard Kit includes a Precision Stubble Comb, a Full Foil Shaver and nine barber grade hair combs ranging from a #1 through to #8 for all your grooming needs. The kit also comes with a Premium Travel Pouch and a T-Brush to keep your gadget in pristine condition, even on-the-go.

The T-Series Hair & Beard Kit boasts a powerful performance, with an impressive run time of up to 5 hours from a 4-hour charge, whilst the Turbo Mode increases the power which enables you to easily cut through thicker hair. What's more, you can use it in the shower as the T-Series Hair & Beard Kit is 100% waterproof and totally washable for styling speed and ease.

The T-Series Hair & Beard Kit is available at Amazon, Argos and Very for £79.99 RRP.
