**WAVE HELLO TO GORGEOUS STYLE WITH THE PROLUXE 4-IN-1
ADJUSTABLE WAVER**

Global haircare expert, Remington, has introduced a new addition to the ever-popular PROLuxe collection: the PROLuxe 4-in-1 Adjustable Waver, giving you the freedom to create four different wavy styles. In a beautiful rose gold and white colourway, the PROLuxe 4-in-1 Adjustable Waver is set to be your one tool for flowing, beautiful waves.

The adjustable barrel makes it possible to switch up your look for all occasions – whether you want deep defined waves, flowing mermaid locks, loose beachy tresses, or an undone, tousled look, the PROLuxe 4-in-1 Adjustable Waver is your one-stop-shop for gorgeous waves. Featuring an adjustable dial, just pull and twist to adjust the depth of the barrel and choose which look you'd like.

Intelligent OPTIheat Technology helps you lock in your look, applying heat where it matters so that your waves last for up to 24 hours* – meaning you can look and feel like the best version of you from morning to night. Ceramic Grip Tech Coating means your hair is secure when styling so you have complete control and can style with total ease.

The PRO+ setting also means you can style your hair at the optimum temperature of 185°C at the press of a button – though if needed, the PROLuxe 4-in-1 Adjustable Waver can reach five different heat settings up to 210°C. The Cool Tip gives you the option to hold the end of the Waver, staying cool so you can safely control the styler.

What's more, the PROLuxe 4-in-1 Adjustable Waver comes with a five-year guarantee as standard, so you can purchase with total confidence.

The Remington PROLuxe 4-in-1 Adjustable Waver is available from Argos, Amazon and Boots at £49.99 RRP.
